

## U7: Industrialization

Terms	Notes/Examples
Examples, Examples, Examples!!! Global/Regional/Local Scales!!!	
3D Printing	
Agglomerations	
Airports	
Asian Tigers, Cubs	
ASEAN	
Assembly Line	
Automation	
Backward Linkage	
Banks	
Basic Services	
Bid-Rent Theory	
Borders	
Break in Bulk	
Bulk Gain	
Bulk Loss	
Call Centers	
Capitalism	
Child Labor	
Climate Change	
Coal	
Colonialism	
Commodities	
Comparative Advantage	
Complementary Advantage	
Computers (Hardware/Software)	
Consumption Patterns	
Corridor	
Cottage Industries	
Creative Sector	
Currency	

Terms	Notes/Examples
Deindustrialization	
Demographics	
Domestic vs. Foreign Owned	
Economic Complementarities	
Economic Restructuring	
Ecotourism	
Education	
Engineer	
Entrepreneurs	
Environmental Degradation	
EU	
Exports	
FDI	
Financial Sector	
Finished Goods	
Fixed Costs	
Footloose Industries	
Forest	
Forward linkages	
Free Trade Zones	
Friction of Distance	
Global Division of Labor	
Global Financial Crisis	
Globalization	
GDP	
Government Incentives	
Government Regulations	
Green Technology	
Gravity Model	
Growth Poles	
High Technology Industries	
Hoteling's Theory	

Terms	Notes/Examples
<b>Human Capital</b>	Added education, skill, knowledge, experience, possessed by individual or population (their added value to the company or country)
<b>Human Environmental Interaction</b>	
<b>Imperialism</b>	
<b>Imports</b>	
<b>Industry</b>	
<b>Industrial Revolution</b>	
<b>Industrial Zones/Regions (Place, Fuel Source, Characteristics)</b>	
<b>Infrastructure</b>	
<b>Innovations</b>	
<b>Insurance</b>	
<b>Interdependence</b>	
<b>International Division of Labor</b>	
<b>International Trade</b>	
<b>Internet</b>	
<b>Investment (Capital)</b>	
<b>Iron Ore</b>	
<b>Isodapane</b>	
<b>Isotims</b>	
<b>Just-In-Time Delivery</b>	
<b>Kondratieff Cycles</b>	
<b>Kuznet's Curve</b>	
<b>labor-intensive production methods</b>	
<b>Labor Costs</b>	
<b>Labor Market Participation</b>	
<b>Labor Relations</b>	
<b>Loans</b>	
<b>Losch Model: Zone of Profitability</b>	
<b>Manufacturing Regions</b>	
<b>Manufacturing Zones</b>	
<b>Maquiladoras</b>	
<b>Marketing</b>	

Terms	Notes/Examples
Market Data	
Markets	
Mass Consumption	
Mass Customization	
Mass Production	
Material Science	
<b>Megastores</b>	Effect on region (destroy local business, placeless, increase traffic, outside ownership no-stake in community)
Migration (Internal, International)	
Multiplier Effect	
<b>Multinational Corporation</b>	
Natural Resources	
Natural Resource Depletion	
Newly Industrialized Countries (NIC)	
Non-Basic Services	
Planned Obsolescence	
Plastic	
Point of Entry	
Pollution (Costs/Effects)	
Post-Fordist / Toyota	
Ports	
Product Life Cycle	
Programing	
Off Shoring	
Outsourcing	
Quotas	
Race to the Bottom	
Range	
Raw Materials	
Research and Development	
Resource Depletion	
Return on Investment (ROI)	

Terms	Notes/Examples
Right to Work	
RTP	
Rust Belt	
Services	
Silicon Valley	
Site Factors	
Skilled Labor	
Smog	
Soft Skills	
Space-Time Compression	
Special Economic Zones	
Specialized Economic Sectors/ Zones	
Standard of Living	
Steel	
Stock Market	
Subsidies	
Substitution Principle	
Sun Belt	
Supply Chain	
Supply Production Process	
<b>Sustainability</b>	Include changes to using electric cars
Sweetshop	
Tariffs	
Tax Incentives	
Technology	
Technolopoles	
Textiles	
Threshold	
Trade Blocs	
Trade Surplus/Deficit	
Transnational Corporations	
Transportation Costs	

Terms	Notes/Examples
Unemployment	
Uneven Development	
University Investment	
Unions	
Upward Mobility	
Value Added	
Variable Costs	
Venture Capitalists	
Vertical Integration	
Wage Gap	
Water Power	
Weber's Theory	
Working-Age Population	
Women in Labor Force	
Zoning	
<b>BIG IDEAS</b>	<b>Examples, Examples, Examples!!! Global/Regional/Local Scales!!!</b>
1. Describe Industrial Processes	
1a. Steps from Raw material > Finished Good	
1b. Describe the benefits of Industrialization	
1c. Explain factories behind the location of industries	
1d. Describe Vertical Commodity Chains	
2. History & Diffusion of Industrialization	
2a. Esp. Hearths & Key Ind Regions	
3. Describe the Service & Information Sector	
3a. Location of Key Quaternary & Quinary Regions	
3b. The impact of deindustrialization and economic restructuring	

Terms	Notes/Examples
<b>4. Explain the Growing Global Interdependence</b>	
<b>4a. Causes/Consequences of International Trade</b>	
<b>5. Describe Sustainable Development</b>	
<b>5a. Role of Gov't in Regulating</b>
